Comments: Hello

I am in favor of the proposed Union County Target Range.

The range will consist of 10 pistol ports and 13 rifle ports out to ranges of 200 yards or more.

The proposed club will also feature possible 4H bb teams and Air Rifle teams.

Archery is a possibility depending on interest.

This much needed club will also be available to Law Enforcement for their qualifying requirements.

Various competition will be offered, depending on interest.

This is a great undertaking carried out by a team of dedicated volunteers.

Membership is said to be well over 400 at this time. All on faith this club will come to be.

I support this very important addition to the many activities offered in Union County Ga.
