Comments: To whom it may concern,

Thank you for the opportunity to present my opinion regarding current Chugach National Forest plan revision. I have been accessing the Chugach National Forest my whole life, I recreate both motorized and non-motorized. I do believe that the motorized corridors that are currently in place are adequate and fair. The freedom and beauty that the Chugach National Forest should be equally shared no matter how you decide to access it. I strongly hope that access to the National Forest is not altered in any way to limit people accessing it via motorized or non-motorized.

Thank you for your time,

Simon R.
