Comments: My name is Michael Fefelov.

Thank you for your efforts and willingness to include all user groups in the Chugach Forest Service Revision Plan.

I currently live in Anchorage, and have been living in Alaska for all my 27 years. I have enjoyed riding snowmachines in the Chugach for 17 years, and I typically go about 25 times a year. As a motorized user, I oppose losing any right to motorized access of these public lands. A large majority of the Chugach is already restricted to non-motorized use, and what's left should remain intact, if not expanded, for future generations.

The typical areas I access the forest are: Lost Lake, Summit Lake, Resurrection Pass, Skookum, Turnagain, Whittier and Johnson Pass.

The rights of motorized user groups have diminished since 2002 when The National Forest Service initiated the Forest Land Management Plan and it must stop.

Please consider leaving the current access in place and work toward opening more areas for future generations.

Thank you,
Michael P. Fefelov
