Comments: I strongly oppose placing more limited access or closing down any motorized use areas on the Kenai Peninsula. I feel like the Kenai Peninsula is very protected from motorized access as is, and Snowmachining, skiing And exploring the back country on the Kenai Peninsula is essential to the quality of life for many people that live on the peninsula. I also Whitewater kayak, paraglide, hike, and do non-motorized activities and I feel there are plenty of places to go if I want to get away from motorized areas. Thank you for listening to us all
