Title:

Comments: Thank you for taking the time to read this. I enjoy all types of outdoor activities from skiing to snowmachining. Over the past several years the areas to ride motorized vehicles have gone down. From ATV's, dirt bikes and snow machines.

Please stop reducing the areas to ride and even consider opening up some areas.

I've lived in Alaska (Fairbanks & now Anchorage) for over 35 years and always enjoyed riding with friends and my family.

Thank you

Peter Seiffert
