First name: Thomas

Last name: Ray

Organization:

Title:

Comments: My family and I hike, mountain bike, snowshoe, ski and ride snowmobile in many of these areas and I would like to have access to more areas, certainly not less! We need more areas for motorized use. Our snowmobiles allow us to access otherwise unreachable areas to ski and snowshoe. These activities are something that my family and I really enjoy and we want more options not less.

Please don't deny us any more of Alaska's beauty than you already are.

Thank you,

Thomas Ray and family
