Comments: I really don't understand how/why people think closing down areas for riding on motorized vehicles is a good thing to do. If we get shut down most of the new generation is just gonna start drinking and doing drugs cause there will be nothing else to do for them. Where I live at right now they are shutting down everything pretty soon we won't be able to drive on the streets cause it will be a neausance to them (hippies) that's my opinion on this matter and I'm sure there's more that can be said but I'm gonna keep it short and sweet. Thank you for reading and hope it works out for both sides.
