Title:

Comments: Please do not shrink our access to the backcountry in any way!! I work all summer and set aside time in the winter to ride 3-4 days a week in the caribou hills all winter. This is the time that I most closely bond with my family, friends and neighbors. It is the main way that most of my friends and I are able to get out of the house and get some great exercise in the winter months. We contribute greatly to the diminished local winter economy, and would like to continue to do so in the future.
