Comments: I have been using this area for twenty years. I know that both motorized and non motorized use this area and I think you have to look at who maintains a lot of the trails and areas. I recommend nothing changes. I have groomed and improved the trail to the bridge at bird creek and used to groom eklutna and bird creek. I don't see an issue with both user groups using the area. I wish it would actually go back to how it was in the late 90's. I hike more in the area, but want I see more motorized use it.
