Title:

Comments: The Nellie Juan-College Fiord WSA is national treasure. Its nearly two million acres of ancient rainforest, fiords, mountains, and glaciers must be preserved.

I support the alternative D wilderness recommendation for the Chugach NF, which recommends the maximum amount of land for Wilderness. Moreover, I support a modified Alternative D wilderness recommendation that also includes Lake Nellie Juan and the lands within the WSA boundary that were purchased for restoration of wilderness resources following the Exxon oil spill.
