Comments: I would like to see the plan protect the wilderness character of the WSA. Please classify them as primitive as designated by the Forest Service. Also restore strong protection to the lands within the WSA that were purchased after the Exxon Valdez oil spill. Step up efforts to prevent illegal recreational use of chainsaws within the WSA. Please add to the current amount of land designated in Alternative D, Lake Nellie Juan and the lands within the WSA boundary purchased after the Valdez oil spill. Thank you.
