Title:

Comments: Please amend the current plan on the WSA by classifying all of the wilderness character in the plan as "primitive" and specify the character as "wilderness" rather than "existing".

Please restore the strongest level of protection to the lands by specifying that they be managed "in perpetuity for conservation and wilderness purposes," as promised when they were purchased.

Please stop the illegal and recreational use of chainsaws in the WSA.

I support a modified Alternative D wilderness recommendation that includes Lake Nellie Juan and the lands within the WSA boundary that were purchased for restoration of wilderness resources following the oil spill.

Thank you.
