Comments: I've been riding snowmachines in the Chugach mountains for nearly 15 years now. I can't express how much joy this activity gives me, especially in the cold and dark Alaskan winters that we all know. I also snowboard and ski, often using my snowmachine to get me to unique places that have never been touched by other adventurers. This is why I ask to please not limit the space that we are riding in but is already becoming much harder to participate in the sport I love so much.
