First name: Jason

Last name: Borough

Organization:

Title:

Comments: My name is Jason borough I'm 31 years old and I've lived in Alaska since I was 3 years old. I've been riding back country in Alaska since I was 17 with my freinds. It's all I know in the winter and it's been a lifestyle for me. I can't imagine living in this state with all these beautiful riding locations and not being able to access them. While some tighter laws and rules might be wanted by some to make sure our nature is preserved and not destroyed is something I agree with. But I don't agree with shutting down riding areas. I hope to have kids soon and I couldn't picture not being able to show them the places this state has to offer to explore on our machines. I urge you to please take into consideration not just the people now that will be effected but all the future generations that wouldn't get to enjoy everything we know and love about this state. Thank you.
