First name: Michael

Last name: Gayvoronskiy

Organization:

Title:

Comments: I do Not support any motor vehicle restrictions in anyway because as an Alaskan this is and has been the life style of most Alaskans. My family and I do everything possible to respect the land as do all other Alaskans that use it for recreational use. In all respect, I would like to continue having this recreational land access for all Alaskans and my family and future family to come.
