Comments: To whom it may concern,

I lived in Alaska for 15 years and look forward to every winter to snowmachine in the CNF. I ride in lost lake, johnson pass, and Carter lake. With this revision I would still like to see the same areas open for motorized use so I and hundreds of other people can enjoy what the CNF has to offer in the winter time.

I strongly oppose losing more areas to ride in on the kenai peninsula. It would be a great loss to myself and others.
