Title:

Comments: I urge you to maintain the promise and spirit of this land when purchased and restore strong protection to the lands within the WSA that the federal government purchased following the 1989 Exxon Valdez oil spill. These lands were acquired for the restoration of wilderness values and must be managed "in perpetuity for conservation and wilderness purposes," as promised when they were purchased. The wild places of this Earth are to be preserved for future generations, the wildlife it supports. It is time we stopped raping the land for greed, before we are all homeless.
