Comments: So few unspoiled lands remain in the US. Promote Nellie Juan-College Fiord WSA in Chugach Forest to Primitive Standard. Restore the strong protections guaranteed to the WSA after the Exxon Valdez oil spill. Stop the ongoing and illegal recreational use of chainsaws that are destroying trees and habitat in the WSA. Support a modified Alternative D wilderness recommendation that also includes Lake Nellie Juan and the lands within the WSA boundary that were purchased for restoration of wilderness resources following the oil spill.

Thank you,
