Comments:

My name is Lee Blough .

First off, thank you for your efforts and willingness to include all user groups in the Chugach Forest Service Revision Plan.

I currently live in Kenai, Alaska , and have been living in Alaska for 25 years. I have enjoyed riding snowmachines in the Chugach for 9 years, and I typically go around 30 times a year. As a motorized user, I oppose losing any right to motorized access of these public lands. One day when I have kids I would love to show them all of the areas I enjoy and ride in, I can't share this beautiful state with them and other family members if more areas are becoming restricted and off limits to motorized access. A large majority of the Chugach is already restricted to non-motorized use, and what's left shall remain intact, if not expanded, for future generations.

The areas I access the forest are: Johnson Pass, Whittier, Skookum, Turnagain, Lost Lake, Summit Lake

The rights of motorized user groups have diminished since 2002 when The National Forest Service initiated the Forest Land Management Plan and it must stop.

Please consider leaving the current access in place and work toward opening more areas for future generations.

Thank you,  
Lee
