Comments: I'm 19 years old and riding sleds in the Chugach range is my passion and has been my passion for the last 4 years. It's what I live and work for, and I hate that it's at risk of losing its motorized accessibility. It's what motivates me to get up work out and go to work and be a better person and in the Kenai peninsula community. Being able to snowmachine here also brings in good amounts of business surrounding the area. It also bring a lot of Alaskans together as a community and a family
