First name: Landon

Last name: Grover

Organization:

Title:

Comments: I am a lifelong Alaskan and have spent decades in the Chugach forest utilizing snowmobiles, ATV's, and dirt bikes. As a kid, I spent time with my father and friends exploring the wilderness in the Chigach area on those machines. It helped build the person I am today, an Air Force Pilot, a business owner, and proponent of conserving our land for all to enjoy it.

Limiting the land to people like me would not only take away funding and nature upkeep from sportsman, but would decrease the love for nature and Alaska as most would not be able to explore it. Keep the Chugach open and exploitable to all those who live in Alaska!
