Comments: Please do not let outside interest (LOWER 48) dictate the way we enjoy this great state of Alaska. When we enjoy the outdoors we take great pride in preserving our pristine landscape. I strongly oppose the loss of ANY area with which to ride my snowmachines. Every square mile lost results in less revenue for our business we are in the powersports industry. Also lets not forget about Gas stations, lodging, Meals, The list is huge with business that will be affected. This is my lifestyle I have chosen, I support Plan B of the possible options.
