Title:

Comments: I am in favor of keeping all the current snomobile and atv areas open for use, also I would like to see new riding area's opened. Also improve access and add additional parking areas. On the law enforcement side of things officers are generally pretty good however some of them should be instructed to focus on being more helpful and less on just writing tickets. 36 years living in Alaska, been riding 36 years all over the state, if you have read this far thank you for your time. Registered voter.
