Comments: Our family enjoy the motorized use areas around the state of Alaska. Our family prefers plan B. Please do not close down any motorized use areas. One of the reasons we live here is because of the wide open spaces and we access them with our sleds or by foot. Regardless how we access the land in this great state we respect it and so do many other Alaskans! This state is big enough for everyone so please don't take away the way we enjoy this great state!
