Comments: Hello everybody who really cares, I would like to show my support for keeping the riding areas open to motorized vehicle use. I have grown up in Alaska riding snowmachines all through the state. The Chugach Forrest is by far one of my favorite places to ride. I would like to keep it open for many generations to come. More and more our riding areas are being shut down and closed. I would like the next generation to have the opportunities that I did. I feel as though the current laws and regulations are adequate for the environment. I am all for protecting the environment, and keeping our riding areas open.
