Comments: Closing this area would affect the life thousands of Alaskans. I have lived here for 21 years in the Hatcher Pass area that went through a new management plan a few years back. We were able to compromise and developed a plan that was suited and fair to all user groups. I hope you will see this as an opportunity to show Alaskans they can depend on their government to help protect their rights and support their activities. Leave the area as is and remain fair to all user groups whether they are motorized or not. Thank you.
