Title:

Comments: My name is Cameron Ackershott, I moved to AK from Colorado about 10 years ago chasing snow to ride my snowmobile and snowboard in. After only one trip to Turnagain I could tell the Chugach was a special place. After spending a winter being shown to some of the other amazing spots in the Chugach such as Blackstone bay, Lost Lake, And of course anything in the Placer area. I decided to call this place my new home. It offers some of the most Amazing interactions with nature and I'd say Alaska in all her glory. There is no place like it on earth and none of that should be taken away from future generations. I would like to show my support for "alternative B" in hopes we can keep riding these beautiful areas.
