Title:

Comments: I am an Alaskan native that was born in Soldotna. I have been riding snowmachines in Chugach National Forest for 15 years. As a life long Kenai Peninsula resident I have watched the US Forest service limit our Motorized access more and more every year since the 2002 Forest plan was initiated.

I am 100% apposed to closing any more land to any motorized users. The current Forest plan and your proposed plan A,B,C, And D are all extremely favorable to non-motorized user groups. I urge you to reconsider all of these plans in favor of a more generous winter motorized recreation plan.

Thank you,

Mitchell Soares
