Comments: To whom it may concern, I haven't rode in the chugs hope in the last two years, i am looking to get back into riding again. It would be a shame to close down what little we have left. I'm the last 5 years there has been a tremendous change to the snowmobile industry on safety of avalanche, people, and environment.

Something that has never been around. We are continuing training and learning new ways to be able to keep riding these areas with our family's and family's to come. We want to respect the land as much as anyone else does. I have had some of the best times of my life back in the mountains and I hope to show my kids the same experience one day. Thank you and I hope we can all work together as one to keep our areas open.
