First name: Michael

Last name: Snow

Organization:

Title:

Comments: I do not believe shutting these riding areas down is the answer these areas are apart of a huge snowmobile community one of which I am very proud to say I am apart of this (family) as I like o think of them as has helped me so many ways from my sobriety to the little things in our day to day lives we all enjoy and care vastly about these areas and is a huge reason why we live here by shutting these areas down your affecting our communities in a very negative way I do not believe snowmobile sales will be sustained gas stations would loose huge sales and even down to the trailer vendors and any companies involved with this sport would suffer I care about my home riding the chugach is a huge reason why I live here not be able to enjoy my passion would just be another reason to leave this state and move elsewhere DO NOT LET OUT OF STATE OPINIONS WRITE OUR POLICIES
