Comments: Hello, my name is Joshua Bright, I am a family man and a tax payer. I value the use of our public lands and respect nature and it's preservation as much as anyone. That being said restricting its use or mandating how I and my family can enjoy it is not part of the American dream. Many communities rely on travelers and tourists to feed there families. Taking away our choices and limiting use to only certain groups is unconstitutional. Please don't close down our lands or limit our rights. As an ATV and snowmobile user I spend a lot of money enjoying these sports and supporting our economy. Alaska is one of the most beautiful states we visit. We visit to see the country on our motorized vehicles.
