Comments: As a family we ride in the Lost Lake area. As a woman rider, I have excelled at riding my sled there. As a Mom I am teaching my children to ride there. My step-son grew up riding those mountains. Its our favorite place to ride, for many reasons. We look forward to riding snowmachines there all year long. I am about to start my 10 year old daughter riding there. Its a family hobby and traditional family "home" away from home. We always respect the area, as we want to be able to use it for generations.
