Title:

Comments: Hello my name is Dakotah Aldridge and I just want to say I live here on the Kenai Peninsula and love to be able to use the CNF every year, whether it be from snow machining to hiking in the summer time, my fiancé and I love to explore the CNF. I remember 2 season ago when we got so much snow over on the Seward side (4') roughly over night..... If the CNF gets closed nobody will be able to experience the crazy days ALASKA throws at us.....I am a avid outdoor user and iam 100% against closing any more area of the CNF..... iam 100% for plan B and I don't not want to loose anymore access into the CNF.

Thank you your time
