Comments: Hello I've been an Alaskan resident since 2005 and I've enjoyed exploring the chugach forest with my friends and family ever since I can remember. I've made some of the best memories of my life in this forest and it's impacted my life greatly. I would love to show my kids and grandkids the joys of this forest because I want them to experience the same life long memories I did as a young man. So please take my comment into consideration and thank you for your time!
