First name: Shane

Last name: Saloka

Organization:

Title:

Comments: My Father and Mother moved here in 1970, hauling all belongings and children in a pick-up & a small trailer. I am the youngest of 3 older siblings and the only one born in Alaska. Our entire family then and now enjoy all that this great state has to offer. Especially winter snow machining activities. Having access to motorized areas is very important my family and many others in the winter. I personally enjoy access areas from the Glenallen, Talkeetna, Seward, Girdwood, Whittier, Kenai, and Homer. Losing access to lands currently available will have a negative impact on local business losing customers, cutting employees, reducing inventory etc.
