Comments: I am an avid outdoor recreation guy. I and my family utilize Alaska's great outdoors for hiking, snowmachining, 4 wheeling etc and have enjoyed using these means of getting outdoors to train my 5 kids on how to be respectful when in the outdoors. I also own a Powersports store and my family and the families of my employees livelihood come from those who also enjoy the outdoors. The thought of shutting down any areas for outdoor riding is unacceptable. I am strongly opposed to shutting down these areas and would like to ask that you reconsider this approach. Many Alaskans depend on the access to the outdoors for their jobs and income. Shutting any areas down will not only hurt our economy but it will put hard working Alaskans out of work.

I am asking that you please reconsider this approach. Take the time to understand those of us who are living in Alaska and what this will mean to us and our families.
