Comments: I am a 3 generation Alaskan and am strongly in support of alternative B. Motorized vehicle use has been a big part of, not just my life, but literally everyone I know in the state. It is a way of life that should not be jeopardized in any way shape or form. This passion in my life has resulted in the creation of a recreational vehicle that was not only brought to market with out of state sales being manufactured right here in the Great state of Alaska, the the municipality of Anchorage Alaska invested into the company that builds them. Snow machines, four wheelers, side by sides, motorcycles, 6x6 atv, 8x8 atv and water craft are as Alaskan as sled dogs. Don't take our way of life.
