Comments: My name is Kazimir Cizmowski, I was born and raised in Alaska, and have lived in Alaska my entire life. Through my life here in Alaska, I have always enjoyed riding snowmachines, and exploring all of the beautiful country that Alaska has to offer. So during the Chugach National Forest Revision, please know that Alaskans like me want as much motorized access as possible. Looking over the proposed plans, I support plan B. Please allow us to continue riding in these amazing areas! Thank you.
