Comments: I would like to comment on keeping the CNF open to motorized vehicles. I was born and raised in Homer and I spent most of my childhood out and about in the CNF. Snowmachining was a way of life for me and my friends. It was a way of keeping us busy so we weren't tempted to cause trouble and mischief. Even today at age 42 I still ride steady at turnigan, lost lake and all points in between. And with little kids now I would like to give them the same opportunities I had to enjoy this great state we have. I don't see any reason motorists and none motorists can't use the vast area the Chugach National Forest makes up. I vote for proposition B  
Thank you for your time and consideration on this very important issue.
