First name: Travis

Last name: Hines

Organization:

Title:

Comments: Although I ride North of the area in question, I am a born and raised Alaskan that has enjoyed winter activities in the state for over 40 years. I strongly oppose the proposed acreage loss with respect to motorized winter recreational terrain in this Forest plan. Any further acres designated as "Wilderness" will severely limit winter recreation opportunities and oust motorized users.

Therefore, Alternatives C and D are unacceptable. The only acceptable Alternatives are A or B.
