Comments: I want to make it known that my family and I utilize CNF on the Kenai Peninsula every year we hike, fish, snowmachine, snowboard. These activities are traditional to us and have been from family to family. Plz reconsider closing lower cnf on kenai peninsula and taking gods country away. There is other options and I believe if we work together we can accomplish them. Again plz don't take away the access of cnf lost lake, crecent/Carter and nellyjaun. Thank you
