Comments: To Whom It May Concern,

Good afternoon, my name is Josh Peterson. I am an Alaska resident, and avid outdoorsman. I regularly recreate in the Chugach Mountains as well as Chugach National Forest. While I typically hike and ski in the Chugach as opposed to motorized use, I fully support those who choose to snowmachine and four wheel. I feel sustainability is crucial for all so that we may continue to enjoy the outdoors, but there must be a more balanced approach than to eliminate or restrict motorized use in the CNF. It is my hope and request that the Forest Service does not restrict motorized use, so that those who wish to responsibly use machines to enjoy the outdoors may continue to do so. Thank you.
