Comments: I am writing in support of Alternative D modified to include Lake Nellie Juan and the lands within the WSA boundary that were purchased for restoration of wilderness resources following the Valdez spill. I want it to protect the "wilderness character" of the WSA, not the "existing character." Furthermore, the Plan must protect the wilderness character of the lands in the WSA by classifying all of them with the Forest Service's "Primitive" standard.

Lands acquired for the restoration of wilderness values and must be managed "in perpetuity for conservation and wilderness purposes," as promised when they were purchased.

Finally the Chugach NF must address ongoing illegal recreational use of chainsaws in the area.
