Comments: I strongly disagree with closing down our riding areas, Please recognize that there are many of us who are against it, that don't seem to have a voice or realize how important it is to say something. I personally with many friends try to use these ares for fun and conquest, and to explore new country, the more you choke that up the more people will lose interest which is part of our local economy in the winter months from sales, equipment, restaurants, lodges, fuel stations and dealerships, I'm sure there's more.

Thank you for your time and consideration
