Title: Member

Comments: I choose unit b for the chugach this is God's country !

I'm a born and raise Alaskan I be been riding snowmachines since I was able to walk .

Taking away more and more land is not needed, these are rights to the people of Alaska to get the experience of a lifetime .

My children get to experience my passion to ride all of our toys and they love it, I take them everywhere I possibly can even the chugach. I'm speaking for myself. And my other fellow Alaskan riders please do not shut down riding to these areas and leave section b open to the public .

I appreciate your time

Thank you

Jon Stryker Bruneau
