Comments: Hello,

I am a life long Alaskan who loves to ride. I enjoy riding in the Chugiak National Forrest almost every weekend I am home in the winter. Whether it be a family ride or enjoying a powder day in the mountains with my friends. We like to ride snowmachines, ski and snowboard in the winter and Mountain bike and hike in the summer. I would hate to not be able to ride there in the future but I would really hate to see my kids not enjoy the same beautiful riding areas that I have enjoyed for most of my life. I support Plan B.

Thank you for your time,

Nick Chapman
