Title:

Comments: Chugach Forest is a gem of a wilderness that must be protected for all Americans. It needs to remain under the PRIMITIVE standard.

These lands were purchased after the Exxon Valdes disaster to restore wilderness "in perpetuity for conservation and wilderness purposes." Do not put this legacy in jeopardy.

Prohibit the use of chainsaws & tree removal especially in sensitive areas.

I support a modified Alternative D wilderness recommendation that also includes Lake Nellie Juan and the lands within the WSA boundary that were purchased for restoration of wilderness resources following the oil spill.
