Title:

Comments: My name is Brad Mckay thank you for your efforts and willingness to include all user groups in the Chugach for a service revision plan I currently live in Anchorage Alaska I have been living in Alaska for 45 years I have enjoyed riding snow machines in the Chugach for 40 years and I typically go eight times a year as a motor ized user I oppose losing any right to motorized access of these public lands a large majority of the Chugach is already restricted to nonmotorized use and what's left shall remain in tact if not expanded for future generations the areas I access are Turnigan , lost Lake Summit lake, resurrection pass. the Rights of motor rise user groups have diminish since 200to win the national forest service initiated the forest land management plan and it must stop . Please consider leaving the current access in place we need to work towards opening more areas for future generations thank you Bradley McKay
