Title:

Comments: Please protect the 1.9 million-acre Nellie Juan-College Fiord Wilderness Study Area (WSA)! please protect the wildness character of the area, not just the Forest Service's weak proposal to protect just its "existing character!" we can and MUST do BETTER for the few remaining areas in the US that are truly wild and support so many amazing plants and animals! Restore strong protection to the lands within the WSA !!he Chugach NF must address ongoing illegal recreational use of chainsaws in the WSA, which has resulted in damaging tree removal along dozens of wilderness beaches, including in sensitive areas.
