Comments: I was born and raised here in Alaska and have used snow mobiles for everything from hunting and trapping to mountain riding. I Support option/alternative B recreation . I Consider motorized use a traditional use of all lands in Alaska for recreating, hunting, transportation. I would like to see more areas open for snowmobiling. I am 27 and have been riding snowmobiles my whole life. I ride in Turnagain, whittier, Seward, petersville and Valdez for the most part. This has been a lifelong hobby and sport that I've always loved being a part of. The snowmobiling community is like one big happy family. I appreciate you all taking the time to read these comments.
